

Please do NOT force the State of New Jersey to change it's current DO NOT CALL law. I count myself among the many in this state who do NOT want to be bothered by telemarketers. It is also important for you to consider that many people have replaced their home phone with a cell phone, and, if you allow telemarketers to call cell phone numbers, those calls will be counted against our cell phone minutes, for which we are paying. Please, again, let the strong New Jersey DO NOT CALL laws stay the way they are. Thanks for your consideration.
